AUGUST 2015

DEAR PARENTS AND GUARDIANS,

WARM WELCOME.

Dear Parents/Guardians,

It is hard to believe that it is that time of the year again. The new academic year is almost beginning and we hope that you and your wards had a restful summer break.

There is so much excitement in the school as we welcome a new academic year, new principal, new students, new teachers, etc. We look forward to sharing these exciting times with you. We know that your pride and joy is to get an excellent education for your ward from TIS. We will continue to motivate, teach, inspire and encourage our students to be selfdirected learners and to produce their very best work. Join us to congratulate our class of 2015 for making us proud with a pass rate of above ninety percent with some students getting above forty IB points. A summary of the results will be placed on the School Website after re-marking is completed. Once again, congratulations Class of 2015. TIS is proud of you.

MERGER OF CAREER GUIDANCE AND COUNSELLING UNITS

The Career Guidance and Counselling unit has been merged with the student support unit into one unit called the Academic Support and College Counselling Centre. This is located partly on the top floor of the Library in the same area as the University Placement unit and the office behind the Staff Common Room. This unit is to help all students, including high flyers and underachieving, to attain their maximum potential.

MATHEMATICS/RESOURCE CENTER

Progress is far advanced for the furnishing of a Mathematics Resource Room which will be used by all teachers to facilitate teaching and learning. This Centre will work closely with the Academic Support and College Counselling Unit. It is located at the former Humanities Resource Room on the second Floor of the Einstein's Resource Centre opposite the Old Examination Hall.

FACELIFT OF CLASSROOMS

The Classrooms have been given a facelift. New classroom furniture has been acquired and extra ceiling lights have been added for proper illumination of the rooms. The classroom block has also been repainted.

AWARD SYSTEM

The Awards system in the school is being enhanced with the introduction of the Founders' and the Scholar of the Year Awards, beginning this academic year. It has also been proposed to incorporate the Initiative Award into the CAS Award.

The Honour Roll System which replaces the Merit list will be introduced this academic year. Students who perform exceptionally will be awarded. The Honour Roll will come out at the middle of the semester and at the end of the semester, which means four times in a year. Students who get on the Honour Roll will gain points for their colour group and this will eventually be one of the determinants for winning the Colour of the Year Award at our Achievers' Day celebrations. Other determinants include excelling in Sports, Inter-Hostel and Inter-Colour competitions.
